Thx.
Oded talked to me as well. I propose I'll meet them in Budapest first. I'll report results and you might follow on as necessary.
ZisserJunior sent me copies of his correspondence with you re Giuseppe V project. I'll read it later today.

I trust this email finds you well.

1)Any news from AkGu re project C ?

2)Did you or Evgeny contact

Prof Valori's business people re the industrial projects? Pl update.

3)Valori sent me another two more central North Italy Autostrades. It might become more interesting once we understand what blocks it of becoming a natural "cash cow".

I need the FIRST answer asap.
